12 10 for the deaf and the Iowa braille and sight saving school, or
12 11 authorities in charge of an accredited nonpublic school shall
12 12 determine the number of high school credits that shall be
12 13 granted to an eligible student who successfully completes a
12 14 course. Eligible students may take up to seven semester hours

13 35 enrolled on such a full-time basis shall not receive any
14 1 payments under this section.

14 2 3. By September 15 of the school year following the school
14 3 year in which the postsecondary enrollment options program
14 4 expenses were paid, the school district shall submit its
14 5 claims for reimbursements for school district students paid

14 6 pursuant to subsection 1 to the department of education.

14 7 4. By October 15 of the school year following the school
14 8 year in which the postsecondary enrollment options program
14 9 expenses were paid, the department shall distribute to each
14 10 school district, from moneys appropriated to the department
14 11 for this purpose, an amount of aid to each school district
14 12 that submitted claims as provided in subsection 3, equal to
14 13 one hundred fifty dollars for each course successfully
14 14 completed by a school district student pursuant to this
14 15 section. If the amount appropriated for purposes of this
14 16 section is insufficient to provide aid for reimbursements in
14 17 full, the department shall prorate the amount of aid provided
14 18 to school districts in accordance with this section. Any
14 19 funds appropriated to the department for the purposes of this
14 20 subsection, but unused for the current fiscal year
14 21 distribution, shall be carried forward to the subsequent
14 22 fiscal year.

14 23 5. Any moneys received by a school district for the
14 24 payment of postsecondary enrollment options program expenses
14 25 under this section shall not affect district cost limitations
14 26 of chapter 257.

14 27 6. An eligible postsecondary institution that enrolls an
14 28 eligible student under this section shall not charge that
14 29 student for tuition, textbooks, materials, or fees directly
14 30 related to the course in which the student is enrolled except
14 31 that the student may be required to purchase equipment that
14 32 becomes the property of the student. For the purposes of this
14 33 subsection, equipment shall not include textbooks. However,
14 34 if the student fails to complete and receive credit for the
14 35 course, the student is responsible for all district
15 1 nonreimbursed costs directly related to the course as provided
15 2 in subsection 1 and shall reimburse the school district for
15 3 its costs minus the amount received by the school district
15 4 under subsection 4 for the claim submitted under subsection 3.
15 5 If the student is under eighteen years of age, the student's
15 6 parent or legal guardian shall sign the student registration
15 7 form indicating that the parent or legal guardian is
15 8 responsible for all costs directly related to the course which
15 9 are not reimbursed under subsection 4, if the student fails to
15 10 complete and receive credit for the course. If documentation
15 11 is submitted to the school district that verifies the student
15 12 was unable to complete the course for reasons including but
15 13 not limited to the student's physical incapacity, a death in
15 14 the student's immediate family, or the student's move to
15 15 another school district, that verification shall constitute a
15 16 waiver to the requirement that the student or parent or legal
15 17 guardian pay the costs of the course to the school district.

15 18 7. An eligible postsecondary institution shall make pro
15 19 rata adjustments to tuition reimbursement amounts based upon
15 20 federal guidelines established pursuant to 20 U.S.C. } 1091b.

15 21 Sec. 15. NEW SECTION. 261E.8 DISTRICT=TO=COMMUNITY
15 22 COLLEGE SHARING OR CONCURRENT ENROLLMENT PROGRAM.

15 23 1. A district=to=community college sharing or concurrent
15 24 enrollment program is established to be administered by the
15 25 department to promote rigorous academic or career and
15 26 technical pursuits and to provide a wider variety of options
15 27 to high school students to enroll part-time in eligible
15 28 nonsectarian courses at or through community colleges
15 29 established under chapter 260C. The program shall be made
15 30 available to all resident students in grades nine through
15 31 twelve. Notice of the availability of the program shall be
15 32 included in a school district's student registration handbook
15 33 and the handbook shall identify which courses, if successfully
15 34 completed, generate college credit under the program. A
15 35 student and the student's parent or legal guardian shall also
16 1 be made aware of this program as a part of the development of
16 2 the student's core curriculum plan in accordance with section
16 3 279.61.

16 4 2. Students from accredited nonpublic schools and students
16 5 receiving competent private instruction under chapter 299A may
16 6 access the program through the school district in which the
16 7 accredited nonpublic school or private institution is located.

16 8 3. A student may make application to a community college
16 9 and the school district to allow the student to enroll for
16 10 college credit in a nonsectarian course offered by the
16 11 community college. A comparable course, as defined in rules
16 12 made by the board of directors of the school district, must
16 13 not be offered by the school district or accredited nonpublic
16 14 school which the student attends. If an eligible
16 15 postsecondary institution accepts a student for enrollment
16 16 under this section, the institution shall send written notice

16 17 to the student, the student's parent or legal guardian in the
16 18 case of a minor child, and the student's school district. The
16 19 notice shall list the course, the clock hours the student will
16 20 be attending the course, and the number of hours of college
16 21 credit that the student will receive from the community
16 22 college upon successful completion of the course.

16 23 4. A school district shall grant high school credit to a
16 24 student enrolled in a course under this chapter if the student
16 25 successfully completes the course as determined by the
16 26 community college. The board of directors of the school
16 27 district shall determine the number of high school credits
16 28 that shall be granted to a student who successfully completes
16 29 a course.

16 30 5. The parent or legal guardian of a student who has
16 31 enrolled in and is attending a community college under this
16 32 section shall furnish transportation to and from the community
16 33 college for the student.

16 34 6. District-to-community college sharing agreements or
16 35 concurrent enrollment programs that meet the requirements of
17 1 section 257.11, subsection 3, are eligible for funding under
17 2 that provision.

17 3 7. Community colleges shall comply with the data
17 4 collection requirements of 2006 Iowa Acts, ch. 1180, section
17 5 17.

17 6 Sec. 16. NEW SECTION. 261E.9 REGIONAL ACADEMIES.

17 7 1. A regional academy is a program established by a school
17 8 district to which multiple school districts send students in
17 9 grades nine through twelve, and which may include
17 10 internet-based coursework and courses delivered via the Iowa
17 11 communications network. A regional academy shall include in
17 12 its curriculum advanced level courses and may include in its
17 13 curriculum career and technical courses.

17 14 2. A regional academy course shall not qualify as a
17 15 concurrent enrollment course.

17 16 3. School districts participating in regional academies
17 17 are eligible for supplementary weighting as provided in
17 18 section 257.11, subsection 2.

17 19 4. Information regarding regional academies shall be
17 20 provided to a student and the student's parent or guardian
17 21 prior to the development of the student's core curriculum plan
17 22 under section 279.61.

17 23 Sec. 17. NEW SECTION. 261E.10 CAREER ACADEMIES.

17 24 1. As used in this section, "career academy" means the
17 25 same as defined in section 260C.18A, subsection 2, paragraph
17 26 "c".

17 27 2. A career academy course may qualify as a concurrent
17 28 enrollment course if it meets the requirements of section
17 29 261E.8.

17 30 3. If a career academy enters into a contractual agreement
17 31 between a school district and a community college, the school
17 32 district shall be eligible for supplementary weighting under
17 33 section 257.11, subsection 2, and the community college shall
17 34 be eligible for funds allocated pursuant to section 260G.6.

17 35 4. Information regarding career academies shall be
18 1 provided to a student and the student's parent or guardian
18 2 prior to the development of the student's core curriculum plan
18 3 under section 279.61.

18 4 Sec. 18. NEW SECTION. 261E.11 INTERNET-BASED AND IOWA
18 5 COMMUNICATIONS NETWORK COURSEWORK.

18 8 school district that provides courses delivered via the Iowa
18 9 communications network shall receive supplemental funding as
18 10 provided in section 257.11, subsection 7.

18 11 2. The programming in this chapter may be delivered via
18 12 internet-based technologies including but not limited to the
18 13 Iowa learning online program. An internet-based course may
18 14 qualify for additional supplemental weighting if it meets the
18 15 requirements of section 261E.8 or section 261E.10.

18 16 3. To qualify as a senior year plus course, an
18 17 internet-based course or course offered through the Iowa
18 18 communications network must comply with the appropriate
18 19 provisions of this chapter.

18 20 Sec. 19. NEW SECTION. 261E.12 INTERNET-BASED
18 21 CLEARINGHOUSE.

18 22 The department shall develop and make available to
18 23 secondary and postsecondary students, parents or legal
18 24 guardians, school districts, accredited nonpublic schools, and
18 25 eligible postsecondary institutions an internet-based
18 26 clearinghouse of information that allows students to identify
18 27 participation options within the senior year plus program and

18 28 transferability between educational systems. The
18 29 internet-based resource shall provide links to other similar
18 30 resources available through various Iowa postsecondary
18 31 institution systems. The internet-based resource shall also
18 32 identify course transferability and articulation between the
18 33 secondary and postsecondary systems in Iowa and between the
18 34 various Iowa postsecondary systems.

18 35 Sec. 20. NEW SECTION. 261E.13 STATE PROGRAM ALLOCATION.

19 18 funds appropriated for purposes of section 261E.5 are
19 19 insufficient to distribute the amounts set out in section

19 21 shall prorate the amount distributed to school districts based
19 22 on the amount appropriated.

19 23 c. For the fiscal year beginning July 1, 2008, and
19 24 succeeding fiscal years, an amount up to five hundred thousand

20 5 provisions of this chapter.

20 6 2. Notwithstanding section 8.33, any moneys remaining
20 7 unencumbered or unobligated from the moneys allocated under
20 8 this section shall not revert but shall remain available in
20 9 the succeeding fiscal year for expenditure for the purposes
20 10 designated. The department shall annually inform the general
20 11 assembly of the amount of moneys allocated, but unspent. The
20 12 provisions of section 8.39 shall not apply to the funds
20 13 allocated pursuant to this section.

20 14 3. Moneys received by a school district under sections

21 20 Sec. 22. Section 282.18, subsection 7, Code 2007, is
21 21 amended to read as follows:

21 22 7. A pupil participating in open enrollment shall be

22 8 districts, shall conduct a study of the measures necessary for
22 9 the successful implementation of the senior year plus program
22 10 in accordance with the provisions of this Act. The study
22 11 shall include a review of provisions of the Code or
22 12 administrative rules for purposes of implementing the core
22 13 curriculum adopted pursuant to section 256.7, subsection 26.
22 14 The study shall also address barriers to the transfer of
22 15 credit between secondary schools and the postsecondary system
22 16 and its institutions. The department shall submit its

22 24 the following amount, or so much thereof as is necessary, to
22 25 be used for the purposes designated:

22 26 For purposes of implementing the senior year plus program,
22 27 if enacted by this Act:

22 28 \$ 3,500,000

22 29 EXPLANATION

22 30 This bill establishes a senior year plus program to be
22 31 administered by the department of education to provide Iowa
22 32 high school students the opportunity to take up to 30 hours of
22 33 college credit or advanced placement coursework at no expense
22 34 to the student and parent or legal guardian while the student
22 35 is still enrolled in high school, with the exception of the
23 1 costs of transporting the student to and from a postsecondary
23 2 institution. The bill appropriates \$3.5 million for FY
23 3 2008=2009 to the department for the program. The program
23 4 consists of advanced placement classes, community college
23 5 credit courses offered through written agreements between
23 6 school districts and community colleges, a postsecondary
23 7 enrollment options program, courses offered through regional
23 8 and career academies for college credit, and internet-based
23 9 courses offered for college credit. The bill requires that
23 10 students be made aware of the opportunities offered by the
23 11 program as part of the curriculum development plan school
23 12 districts develop with eighth grade students. The bill
23 13 provides for the following:

23 14 SUPPLEMENTARY WEIGHTING. The bill allows a school district

23 15 which hosts a regional academy be eligible to assign its
23 16 resident students attending classes at the academy a weighting
23 17 of one-tenth of the percentage of the student's school day
23 18 during which the student attends classes at the regional
23 19 academy, up to a maximum amount of additional weighting
23 20 corresponding to 30 additional students and a minimum amount
23 21 of additional weighting corresponding to 15 additional
23 22 students if the academy provides both advanced level courses
23 23 and career and technical courses.

23 24 The bill also changes the assigned additional weighting of
23 25 forty-eight hundredths for pupils attending a
23 26 community-college-offered class or attending a class taught by
23 27 a community-college-employed instructor by assigning a
23 28 weighting of seventy hundredths for career and technical
23 29 courses and forty-six hundredths for liberal arts and sciences
23 30 courses. In addition, under the bill, a student attending an
23 31 accredited nonpublic school or receiving competent private
23 32 instruction under Code chapter 299A and who is participating
23 33 in senior year plus programming shall be counted as a
23 34 shared-time student in the school district in which the
23 35 nonpublic school of attendance is located for state foundation
24 1 aid purposes.

24 2 STUDENT ELIGIBILITY. The student shall meet the enrollment
24 3 requirements of the eligible postsecondary institution
24 4 providing the course credit; shall meet or exceed the minimum
24 5 performance on any academic assessments that may be required
24 6 by the eligible postsecondary institution; shall have taken
24 7 any appropriate course prerequisites; shall have attained the
24 8 approval of the school board and the eligible postsecondary
24 9 institution to register for the postsecondary course; and
24 10 shall have demonstrated proficiency in reading, mathematics,
24 11 and science and, if a student is not proficient in one or more
24 12 of the content areas, the school board may establish
24 13 alternative but equivalent qualifying performance measures. A
24 14 student enrolled in career or vocational courses is exempt
24 15 from the proficiency requirement.

24 16 In addition, if the student wishes to participate in the
24 17 postsecondary enrollment options program, the student must be
24 18 a ninth or 10th grade student who is identified as a gifted
24 19 and talented child, or an 11th or 12th grade student.

24 20 TEACHER ELIGIBILITY. A teacher employed to provide
24 21 instruction under the program must be appropriately licensed
24 22 to teach the subject the teacher is employed to teach;
24 23 collaborate with other secondary and postsecondary faculty in
24 24 the subject area; provide ongoing communication about course
24 25 expectations and academic progress to the student and in the
24 26 case of a minor student, the parent or legal guardian of the
24 27 student; provide curriculum and instruction that is accepted
24 28 as college-level work; use valid and reliable student
24 29 assessment measures; and have successfully passed a background
24 30 investigation.

24 31 INSTITUTIONAL ELIGIBILITY. An institution providing
24 32 instruction shall ensure that students and, in the case of
24 33 minor students, parents or legal guardians receive appropriate
24 34 course orientation and information, including information
24 35 describing student responsibilities and institutional
25 1 procedures for academic credit transfer; ensure that students
25 2 have access to student support services, including but not
25 3 limited to tutoring, counseling, advising, library, writing
25 4 and math labs, and computer labs, and student activities,
25 5 excluding postsecondary intercollegiate athletics; ensure that
25 6 students are properly enrolled in courses that will directly
25 7 earn college credit; ensure that teachers and students receive
25 8 appropriate orientation and information about the
25 9 institution's expectations; ensure that the courses provided
25 10 achieve the same learning outcomes as similar courses offered
25 11 in the subject area and are accepted as college-level work;
25 12 review the course on an annual basis for continuous
25 13 improvement; and share data on course progress and outcomes
25 14 with the collaborative partners involved with the delivery of
25 15 the programming and with the department.

25 16 The institution shall not place restrictions on
25 17 participation in senior year plus programming beyond that
25 18 which is specified in statute or administrative rule.

25 19 ADVANCED PLACEMENT PROGRAM. Students enrolled in a school
25 20 district or accredited nonpublic school shall be provided
25 21 access to advance placement examinations at no charge to the
25 22 student or the student's parents or guardians. School
25 23 districts and accredited nonpublic schools must ensure that
25 24 students interested in taking an advanced placement exam are
25 25 properly registered for the exam. An accredited nonpublic

25 26 school must provide a list of students registered for advanced
25 27 placement examinations to the school district in which the
25 28 accredited nonpublic school is located. The school district
25 29 and the accredited nonpublic school shall also ensure that any
25 30 student who qualifies for a reduced fee for the examination is
25 31 properly registered for the fee reduction. The school
25 32 district shall provide the college board with a list of all
25 33 students enrolled in the school district and the accredited
25 34 nonpublic schools located in the school district who are
25 35 properly registered for advanced placement examinations
26 1 administered by the college board.

26 2 The department is directed to remit amounts to the college
26 3 board for advanced placement exams administered by the college
26 4 board for students on the lists submitted by the school
26 5 districts. For the 2008=2009 fiscal year, the remittance and
26 6 distribution amounts to the college board and the school
26 7 districts are as follows: \$76 for each student who does not
26 8 qualify for fee reduction; \$54 for each student who qualifies
26 9 for fee reduction; and \$8 to a school district for each school
26 10 district or accredited nonpublic school student who was listed
26 11 by the school district and who takes an advanced placement
26 12 examination.

26 13 POSTSECONDARY ENROLLMENT OPTIONS PROGRAM. The bill repeals
26 14 the postsecondary enrollment options Act and substantially
26 15 moves the language of the Act to the Code chapter establishing
26 16 the senior year plus program. Under the bill, the definition
26 17 of an "eligible student" is not changed. The bill requires
26 18 that the availability and requirements of the program be
26 19 included in each school district's student registration
26 20 handbook and provided to each student and parent or guardian
26 21 prior to development of the student's core curriculum plan.
26 22 School districts must also establish a process by which
26 23 students may indicate interest in and apply for enrollment in
26 24 the program.

26 25 POSTSECONDARY ENROLLMENT OPTIONS PROGRAM PAYMENTS. As
26 26 under the postsecondary enrollment options Act, a school
26 27 district is responsible for paying a tuition reimbursement
26 28 amount to a postsecondary institution that has enrolled its
26 29 resident eligible students under this Code chapter, unless the
26 30 eligible student is participating in open enrollment under
26 31 Code section 282.18, in which case, the tuition reimbursement
26 32 amount shall be paid by the receiving district. The bill
26 33 increases the amount of tuition reimbursement for each
26 34 separate course from a maximum of \$250 to \$300, but provides
26 35 an amount of state aid to the district equal to \$150 for each
27 1 course successfully completed. If the student fails to
27 2 complete and receive credit for the course, the student is
27 3 responsible for all district nonreimbursed costs and shall
27 4 reimburse the school district for its costs minus the amount
27 5 of state aid received by the school district for the course.

27 6 DISTRICT=TO=COMMUNITY COLLEGE SHARING OR CONCURRENT
27 7 ENROLLMENT PROGRAM. Current law provides supplementary
27 8 weighting for district=to=community college sharing. The bill
27 9 establishes a district=to=community college sharing or
27 10 concurrent enrollment program to be administered by the
27 11 department of education to promote rigorous academic or career
27 12 and technical pursuits and to provide a wider variety of
27 13 options to high school students to enroll part-time in
27 14 eligible nonsectarian courses at or through community
27 15 colleges. The program shall be made available to all Iowa
27 16 students in grades nine through 12, and notice of the
27 17 availability of this program shall be included in each school
27 18 district's student registration handbook and in the student's
27 19 core curriculum plan. Students from accredited nonpublic
27 20 schools and students receiving competent private instruction
27 21 may access the program through the school district in which
27 22 the accredited nonpublic school or private instruction is
27 23 located.

27 24 A student may apply to a community college and the school
27 25 district to allow the student to enroll for college credit in
27 26 a nonsectarian course offered by the community college. A
27 27 comparable course must not be offered by the school the
27 28 student attends. A school district shall grant high school
27 29 credit to a student enrolled in a course under this Code
27 30 chapter if the student successfully completes the course as
27 31 determined by the community college.

27 32 The parent or legal guardian of a student who is attending
27 33 the community college under the program shall furnish
27 34 transportation to and from the community college for the
27 35 student.

28 1 REGIONAL AND CAREER ACADEMIES. Current law provides

28 2 supplementary weighting for regional and career academies.
28 3 The bill provides that a regional academy is a program
28 4 established by a school district to which multiple schools
28 5 send students in grades nine through 12, and which may include
28 6 internet-based coursework and courses delivered via the Iowa
28 7 communications network. A regional academy must include in
28 8 its curriculum advanced level courses and may include career
28 9 and technical courses. A regional academy course does not
28 10 qualify as a concurrent enrollment course.

28 11 The Code currently defines "career academy" to mean a
28 12 program of study that combines a minimum of two years of
28 13 secondary education with an associate degree, or the
28 14 equivalent, career preparatory program in a nonduplicative,
28 15 sequential course of study that is standards-based, integrates
28 16 academic and technical instruction, utilizes work-based and
28 17 worksite learning where appropriate and available, utilizes an
28 18 individual career planning process with parent involvement,
28 19 and leads to an associate degree or postsecondary diploma or
28 20 certificate in a career field that prepares an individual for
28 21 entry and advancement in a high-skill and reward career field
28 22 and further education. A career academy course may qualify as
28 23 a concurrent enrollment course if it meets the requirements of
28 24 the bill.

28 25 Information regarding regional and career academies shall
28 26 be provided to a student and parent or guardian prior to
28 27 development of the student's core curriculum plan.

28 28 INTERNET-BASED AND IOWA COMMUNICATIONS NETWORK COURSEWORK.
28 29 The Iowa communications network may be used to deliver
28 30 coursework for the senior year plus programming, and school
28 31 districts that do so may receive supplemental funding.
28 32 Internet-based technologies may also be used and may qualify
28 33 for additional supplemental weighting if the internet-based
28 34 technology is used by a career academy, under a
28 35 district-to-community college sharing agreement, or concurrent
29 1 enrollment program.

29 2 INTERNET-BASED CLEARINGHOUSE. The department of education
29 3 is directed to develop and make available to secondary and
29 4 postsecondary students, parents or legal guardians, school
29 5 districts, accredited nonpublic schools, and eligible
29 6 postsecondary institutions an internet-based clearinghouse of
29 7 information that allows students to identify participation
29 8 options within the senior year plus program and
29 9 transferability between educational systems.

29 10 STATE PROGRAM APPROPRIATION AND ALLOCATIONS. The bill
29 11 appropriates \$3.5 million for FY 2008=2009 to the department
29 12 of education to implement the program. Of that amount, \$1.1
29 13 million is allocated for the postsecondary enrollment options
29 14 program and reimbursements; \$1 million is allocated for the
29 15 advanced placement program and reimbursements; \$500,000 is
29 16 allocated for the internet-based clearinghouse; \$500,000 is
29 17 allocated for the development of a data management system for
29 18 senior year plus programming that includes information
29 19 generated by the core curriculum plans, data on courses taken
29 20 by Iowa's students, and the transferability of course credit;
29 21 and \$400,000 is allocated for the development of additional
29 22 internet-based educational courses.

29 23 If funds appropriated for advanced placement examination
29 24 fees or postsecondary enrollment options are insufficient, the
29 25 department is directed to prorate moneys distributed to school
29 26 districts based on the amount appropriated.

29 27 STUDENT CORE CURRICULUM PLAN. The bill provides that the
29 28 core curriculum plan developed by a school district with each
29 29 eighth grade student shall include a timeline for each student
29 30 to successfully complete all components of the state
29 31 designated career information and decision making system
29 32 administered by the department of education under the federal
29 33 Carl D. Perkins Career and Technical Education Improvement Act
29 34 of 2006. The bill also provides that a school board's
29 35 reporting requirements under that Code provision require the
30 1 school board to report annually to each student enrolled in
30 2 grades nine through 12 the student's progress toward meeting
30 3 the goal of successfully completing the department's model
30 4 core curriculum.

30 5 DEPARTMENT OF EDUCATION == SENIOR YEAR PLUS PROGRAM STUDY.
30 6 The bill directs the department of education, in collaboration
30 7 with other educational institutions, to conduct a study of the
30 8 measures necessary for the successful implementation of the
30 9 senior year plus program and to submit its findings and
30 10 recommendations to the general assembly by November 14, 2008.

30 11 YEAR-ROUND REQUIREMENT. The bill requires school districts
30 12 to provide advanced placement, postsecondary enrollment, and

30 13 internet-based and Iowa communications network coursework
30 14 year-round.
30 15 REPEAL. The bill repeals the postsecondary enrollment
30 16 options Act, Code chapter 261C, and makes corresponding
30 17 changes to references to the Code chapter throughout the Code.
